

Local COVID-19 Testing Sites & Information

Note: Health plans are **required** to cover COVID-19 tests at no cost to the enrollee. It is recommended that you first contact your healthcare provider for a COVID-19 test.

If you are unable to get a test from your healthcare provider, the County of San Diego (County) has coordinated free diagnostic COVID-19 testing at many locations. These tests take about 5-10 minutes. Results generally come back in approximately 3 days.

For more information regarding COVID-19 testing, you may direct individuals to the San Diego County COVID-19 website (The above information was directly copied from this page.):

State Testing Sites – The closest testing site to campus has been put in bold type.

State-run testing sites do not require a referral from a doctor. All state-run testing sites will be open from 7 a.m. to 7 p.m. open on Tuesday, Wednesday, Thursday, Friday, and Saturday. If you are unable to [schedule online](#), call [\(888\) 634-1123](tel:8886341123). **Testing is free.**

County Testing Sites -- The closest testing site to campus has been put in bold type.

County-run testing sites do not require a referral from a doctor. An appointment is not required at all County testing locations. The county recommends residents to first call their health care provider for a testing appointment. Those without or who could not secure an appointment through their health care provider can schedule a test [online](#) or by calling 211 and asking for the Nurse Triage Line. **Testing is free.**
